

A smiling man with short dark hair and a beard, wearing a light blue denim jacket over a pink shirt, carries a young girl with large, curly brown hair on his shoulders. The girl is also smiling and wearing a dark blue hoodie. They are outdoors in a park-like setting with green trees and foliage in the background.

ALIVE in your community

First Financial Bank is committed to supporting the financial needs of individuals, families and local business in the low- and moderate-income communities we serve. We proactively build lasting relationships with established agencies to support funding opportunities, consumer and small business lending, volunteerism and delivering educational programs. These bonds help us to tap into the heart of the community so we can better understand the needs and provide solutions that enhance life with every step.

ALIVE

Our community development strategy is driven by these five priorities:

Access

Lending

Investing & Inclusion

Volunteerism

Education

working together

First Financial's Community Development team is fully dedicated to executing **ALIVE** priorities. We want to work with the nonprofit agencies, small businesses and local governments in the communities we serve and identify the ways in which we can jointly build a plan to meet specific needs and help further their missions.

First Financial's most rewarding moments happen when we help people in our local communities thrive. Learn more about our Community Development programs and initiatives at bankatfirst.com/community. If you would like to discuss the ways in which we could work together, please email CommunityDevelopment@bankatfirst.com.

Bringing our commitment to life

“Our relationship with First Financial Bank is a win for us as well as the community. It’s increased our ability to serve small business owners who are not yet eligible for mainstream financing by providing loans for their businesses.”

David Taliaferro, Principal, Access Ventures

“First Financial’s focus on financial education and program support for the economically disadvantaged population is directly in line with the Crayons mission to level the playing field in the classroom by providing students in need the tools to succeed in school. First Financial understands that education is a pathway out of poverty.”

Amy Cheney, President & CEO, Crayons to Computers

“Our relationship with First Financial Bank goes well beyond that of bank and customer. The First Financial leadership team consists of people who believe in our mission and have supported us for decades. They are not only community leaders but also mothers and fathers. Many of them have served as board members, trustees, coaches, mentors and personal contributors of the organization.”

Chuck Kime, Executive Director, Foundation for Youth
